

IT'S 50 YEARS!!

**COME TO THE TONOPAH CLASS OF 1960
REUNION**

IT'S GETTING CLOSER. Hope you have made plans to attend. Although many of our class did not want to be found, that did not happen except: William Lee Adams, and Wayne Thiessen are UTL. If you know of his whereabouts please let him know about this reunion. Also if you have other friends who may be interested in attending please forward this invitation to them. Many of us have not seen each other for years. Everyone I talked with sounded excited about this event and opportunity to see the THS 1960 class.

COME TO TONOPAH.

When: Saturday August 21, 2010
Where: Jim Butler Park
Tonopah, Nevada
Time: Meet at noon, under the trees.

Arrangements are being made for dinner to be held at the Tonopah Station, downstairs. Dinner options will be steak or chicken and reasonable priced. More information about menu/price will be provided later.

The invitation has been extended to classes 5 years before and after to attend. Please get out your pictures and stories from the time we were in high school and bring with you, to share. A board will be put up for the pictures. If you will put together a short bio of what you have been up to for 50 years, children, sickness, life etc. and mail or email with pictures, we'll try to get a disk/book together.
