

TONOPAH TOWN BOARD

MEETING MINUTES

JANUARY 09, 2013

Tonopah Town Board Vice Chairman Horace Carlyle called the meeting to order at 7:00 pm. Also present were Javier Gonzalez, Duane Downing and Ron Kipp. There were seven other people in attendance.

7:30 P.M. Public Hearing: Discussion and comment regarding the Town of Tonopah Intention to file loan and grant application in the amount of \$1,961,043 to USDA Rural Development and to request USDA Rural Development for use of the remaining grant funds in the amount of \$1,200,000 from the Arsenic Project to complete the Transmission Line Replacement Project.

Horace Carlyle feels this is a wonderful opportunity to have a brand new water line. He noted that the current Board is doing additional work to what previous Boards have worked on.

Duane Downing explained that this part of the project is kind of an add-on to what the Town was doing earlier this year with the water project. Some of the bids came in under budget leaving enough of a balance to where, with a little more loan funding, the Town could finish the entire water line project up to Ararat Tanks. From the wells to the tanks would be brand new lines. He noted that the original project was only going to go to Booster Station #2 and then the Town would have to worry about the remainder of the transmission line at a later date. He noted that the perfect set of events happened and the Town may be able to replace 6.5 miles of transmission lines under the same project. This will give the Town a brand new water line from the wells all the way to the tanks that will last a minimum of 40 years.

James Eason clarified that Phase II is from Booster #2 to Ararat Tank. The Town is working to secure additional funding for Phase III, which will be from Rye Patch to where the line picks up outside of the Conservation Camp for the new line that goes to Booster #2. This will give a total of 10 mile if the Town is able to pull off both phases. The Town is working on the 6.8 miles first.

The public meeting closed at 7:40 pm.
The Board moved to item 17.

The Board has budgeted \$6,700 per Administration, Town, Water, and Sewer, for the last two years. There is \$20,000 at this time to put into the fund. She noted that Mr. Carlyle recommended staff change the wording on line 25 from "...per employee hired after the date of this resolution..." to "...per employee as of the date of this resolution..." She noted that at budget time the Board can set up what the amount will be for future years. Ron Kipp noted that the wording may not be inclusive of future employees.
