From Bethany-

I wanted to say thank you very much to town maintenance-especially Topper and Kevin for their efforts to make the Christmas tree lighting a huge success on Friday. The Christmas tree was beautifully decorated and the plaza looked GREAT! Mykela took some fabulous photos that we look forward to using next year. Thanks to Becky for getting the top of the plaza decorated and festive. Marc generously donated his equipment so we could have music and an MC. Thanks to everyone for making the kickoff to the holidays so special!

The spirit of the holidays and the community was in full swing with all of the activities around town this weekend. As I was driving around town I couldn't help but notice how festive the town looked-main street had the planters decorated, local businesses had decorations up, and the town had decorated the light poles. If I was driving through town as a traveler, these efforts would not have gone unnoticed! Thanks to our community for that.

Thanks Joni!  
With hugs from my fabulous phone.

Joni:

I am following up on our discussion yesterday.

Library District:

I reviewed the minutes of the 7/23/25 TOT Board meeting. Thank-you for sending

As we discussed, "administrative services" needs to be defined and clarified.

For example, HR services: Will the TOT staff be responsible for policy development, training, hiring/firing for library staff/volunteers? Same with fiscal controls, cybersecurity, risk management, etc., policies and procedures. The TOT has good policies in place and seems this would be the most efficient for both entities.

On the other hand, if the District is going to perform these duties, it will be responsible for policy development, training, hiring/firing. Same with fiscal controls, cybersecurity, risk management, etc.. Without a qualified fulltime manager/supervisor in place, this can be very challenging and can lead to critical policies/procedures being missed leading to significant liability exposure.

Importantly, if the TOT takes over all administrative tasks, this will significantly advance the District's stated objective of achieving the *Enterprise Risk Management Excellence Program* award.

Once this is clarified, I would be happy to draft an MOU for the Board's review and consideration.

Please let me know about this.

Marshall.
